Interactive Map Creation using Mapbox and Putting Up Your Web Map Using Wix

Hello!

I am Andi Tabinas

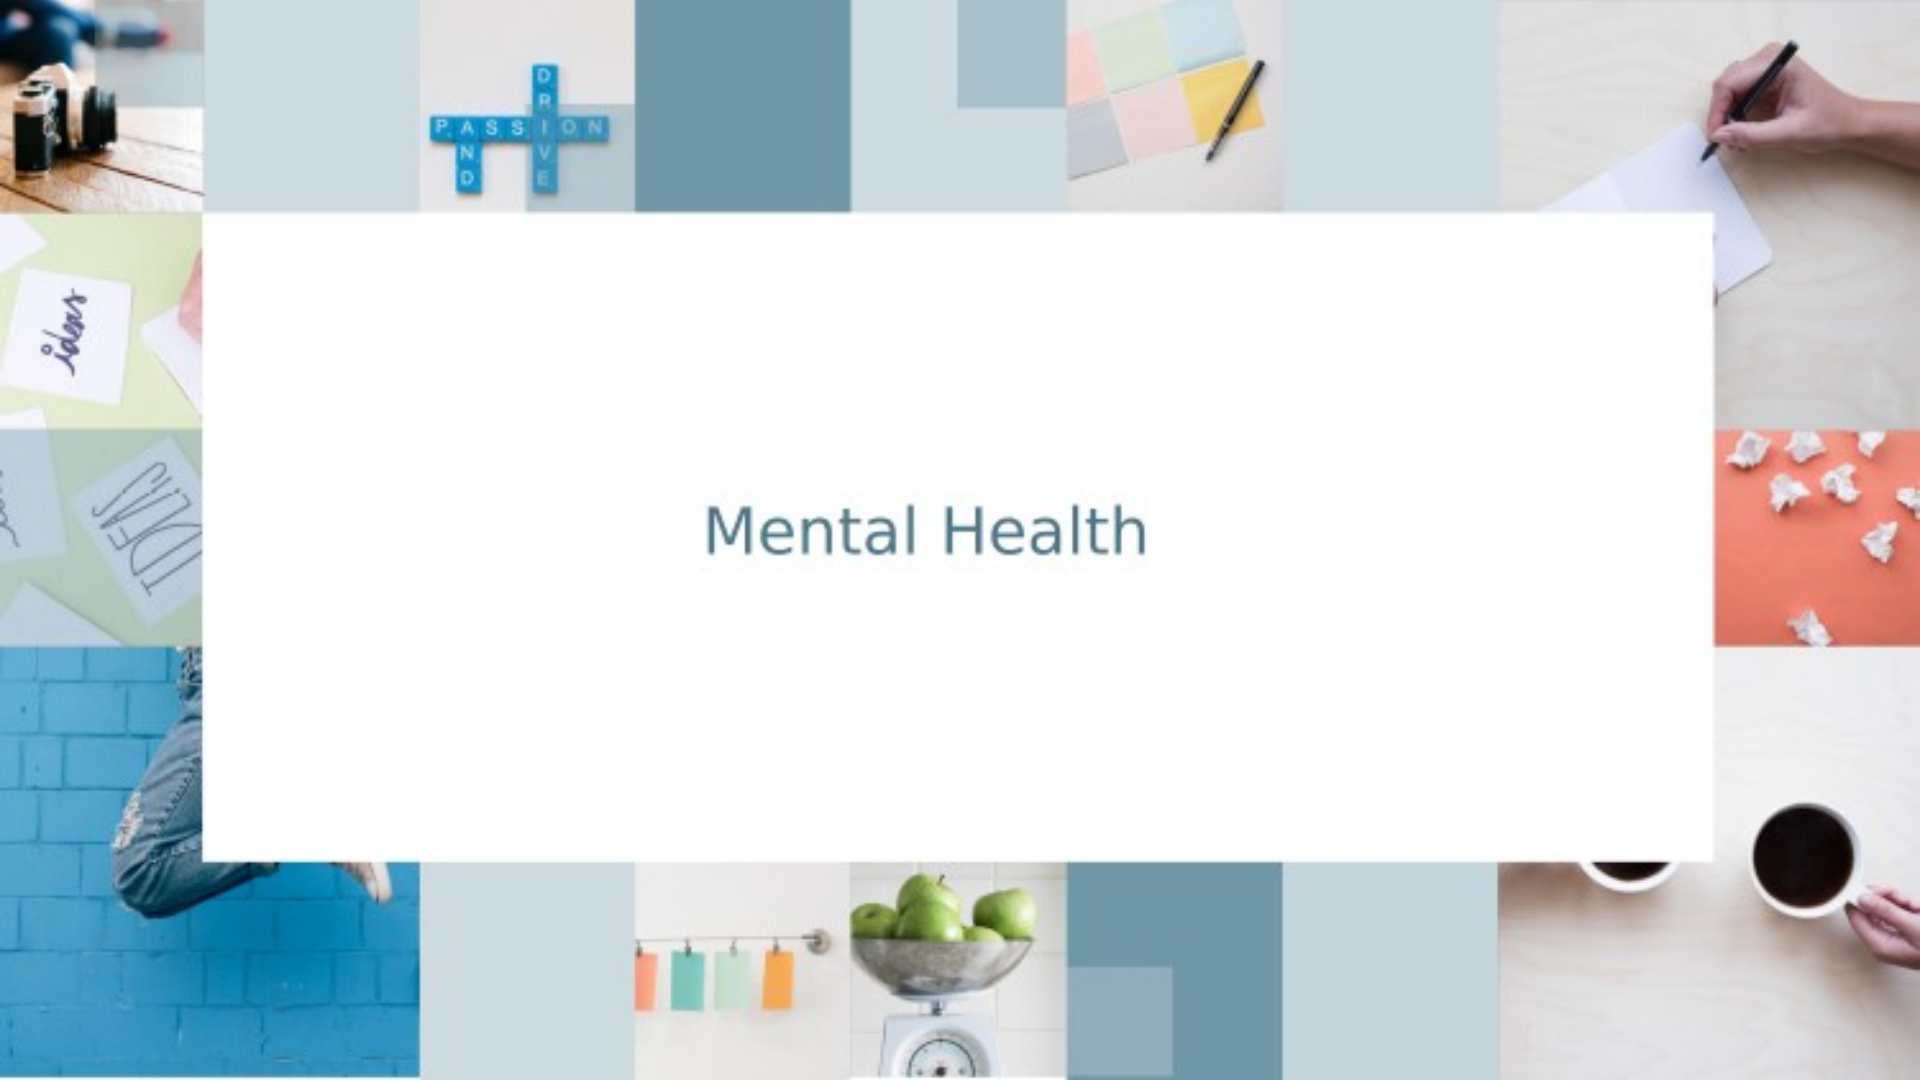
Geographer, Mental Health Advocate

Outline:

I. Understanding Mental Health and Mental Health in the Philippines
II. Why Make the MHAPH Map

MHAPH Map-making Process

III. How to Make Your Own Interactive Map Using Mapbox
IV. How to Put Up Your WebMap Using Wix



Mental Health

“a state of well-being in which every individual realizes his or her own potential, can cope with the normal stresses of life, can work productively and fruitfully, and is able to make a contribution to her or his community”

In the Philippines,

- 2,558 suicide cases (2012)
- 2.5% male suicide rate per 100,000 members of the population
- 1.7% female suicide rate per 100,000 members of the population
- 1 in 5 Filipino adults suffer from psychiatric disorders

Worldwide, 1 in 10 young people experiences a mental health problem.

Access to Mental Health Services in the country

Services

1:250,000 psychiatrist to mentally ill patients

0.002 mental health hospitals per 100,000 population

Budget

5% of the health budget

- 95% for operation, maintenance, and salary of personnel of mental hospitals

Seek help.

It’s important to talk about mental health and get help early if things don’t feel right, just like we would for our physical health.

Stigma

31% of people with mental illness say they choose to not seek treatment for their disorder due to fear of judgment.

Instructions on how to Use the MapContrib Page

For those who would like to contribute additional data by adding locations to the map, you may opt to send the information through the Contact Page, or use the MapContrib Page for the Mental Health A-WHERE-ness Map. Your contribution will be added to the map on the next update upon verification of the information.

To use the MapContrib Page, please follow these steps:

1. Login with your openstreetmap account.
2. Add your data/point using the pencil icon on the right side of the page.
3. A crosshair will appear on the map. Put the middle of the crosshair at the exact location of the facility/service you would like to be added to the map.
4. Select "Mental health facility" on the "Add Node" portion.
5. Input information for "Name", "Address", "Free or Paid?" (Type whether the facility offers free or paid service), and "Additional Information" (Suggested time of visit, person to contact, website, etc.)
6. Click save.

Your inputs will be verified and added to the MHAPH Map on the next update.
